Overview. Transport in South Florida is largely dominated by roads and highways. While the region originally burgeoned because of Henry Flagler's railroad, much of it was built from the 1920s Florida land boom onward, through eras that saw the rise of the automobile, the fall of streetcars, then the general fall of public transport during the 1950s and 1960s.

Transport or transportation is the movement of humans, animals and goods from one location to another. In other words the action of transportation is defined as a particular movement of an organism or thing from a point A to the Point B. Modes of transport include air, land (rail and road), water, cable, pipeline and space. The field can be divided into infrastructure, vehicles and operations.
