I am so pleased to introduce a new contributing writer to Simple Nourished Living: Vegans of Weight Watchers Lori Manby.. Lori shared her success story with us here last year and is kicking things off this month by reacquainting us with her journey and bringing us up to date on what has transpired in her world over the past year. What was life like before you lost weight?

Mayo Clinic Health Letter provides reliable, authoritative and accurate health information. Discover why it is one of the leading health publications.

**Mayo Clinic Health Letter**

Overweight and obese women -- defined as having a BMI (body mass index) over 25 -- have a higher risk of being diagnosed with breast cancer compared to women who maintain a healthy weight, especially after menopause. Being overweight also can increase the risk of the breast cancer coming back (recurrence) in women who have had the disease.
